"Not only a thrilling  
story of espionage  
and adventure,  
but a study in  
American politics of  
major significance."

—THEODORE H. WHITE  
author of *The Making of the President 1960*

# THE U-2 AFFAIR

By DAVID WISE and THOMAS B. ROSS

"This book has almost too many virtues to compress in the space of one review...

"The authors lift their story from the narrative of flight, chase, and hardware of espionage to the level of politics...the grotesque confusion in Washington in the first week of May, 1960...the offer of Allen Dulles of CIA to resign his post...; the final brilliantly told story of the summit conference in Paris where Khrushchev with peasant violence pushed his good thing too far..."

"The U-2 Affair is a truly remarkable performance in the reporting of the secret and the wrappings of the official cover-up."
